

FIRE SOWERS

Dario Luiz outreach ministries

Dear friend,

Firesowers are conferences held across Brazil reaching out to over 200,000 people each year. Firesowers in Brazil has seen the church coming together in unity to hold a series of evangelistic meetings that have seen lives and localities changed for the better! In some Brazilian towns the local government close the town square attracting thousands, in other towns there may be less than one hundred - but the aim is the same: **to empower and equip the church and reach out to those not yet Christians.**

Founder of **Firesowers**, Dario Luiz, has visited the UK on 28 occasions (and ministered in 32 nations), and God has recently laid on his heart the need to reach Europe with the Gospel of Christ. Like so many around the world, Dario feels a debt to the UK because of the way this nation took the Gospel to the world. Following a successful two week mission to the UK in 2008, Dario Luiz and British organisers feel that **Firesowers** must happen again in 2009.

So **February 2009** is **UK FIRESOWERS MONTH**, a team of international evangelists (Brazilian, Italian and UK) preaching across the country. Size of meetings do not matter, they could be mid-week, Sunday, FGBMFI dinners, a four day mission, in schools, prisons, social clubs - *what matters is people are equipped, empowered and given the opportunity of new life!*

Each host church would need to:

- * *work with UK organisers to publicise the Firesowers event*
- * *provide board and lodging (hotel or in a Christian home) for the evangelist each night*
- * *provide transport for the evangelist to the next venue*
- * *take an offering which will cover the costs of the mission and help bless those speaking*
- * *please note that all air fares and other costs will be met by the evangelists.*

The www.fgbmfi.co.uk web site will be used to co-ordinate and publicise events across the UK with local publicity, such as flyers, web, facebook, newspaper adverts, encouraged (so that people outside the church know what is happening). The evenings will include ministry for salvation, healings, signs and wonders. They will demonstrate how God wants to interact with His people today.

For more information you can contact Dario Luiz at evangelist@darioluiz.com or Paul Blakey at 07725 501465 / paul@blakey.org.uk . The www.fgbmfi.co.uk web site has pictures and diary from the 2008 **Firesowers** mission.
