

Traditional Peeled Timber Products

Manufactured from sustainable sourced timber to produce rustic non-uniform peeled posts and half round stakes and rails.

All stakes and posts are cleft pointed as standard, although they can be supplied square ended upon request. All traditionally peeled fencing is pressure treated with Tanalith® E to meet BS8417.

If you require something that is not listed please contact us. Alternative sizes can be produced to order.

Full Round Stakes

SIZES	OPTIONS	PACK SIZES
