

Your guide to what's happening, where it's happening and who's making it happen!

It's your community – make sure you're part of it!

# Working for our Village - now & for the future

Stockbridge Village is a great place to live with lots of community organisations, facilities, activities and opportunities to get involved. Things are changing fast with the new Village Centre opening in 2011 and that is why we are publishing this first in a series of what's on guides for Stockbridge Village.

Open up this leaflet and you'll find a handy map showing all of the key community buildings and landmarks. You'll see there's plenty going on for everyone in the community – it's up to you to find out what interests you and then get involved.

The leaflet also contains contact details for local services and organisations that are here to help YOU. Or if you want your local councillor to take up a community issue on your behalf – just ask. Their contact details are also here for you.

So - why not have a look and see if there's anything new that appeals to you and join in? Whatever it is you choose you can be sure it will be enjoyable and a real opportunity to get involved in life on Stockbridge Village now and in the future.
